

Global Leaders in Ammonia Systems & Safety

**Anhydrous Ammonia
Ammonium Hydroxide
Ammonium Carbonate
Urea**

**Your Partner in Design, Engineering,
and Compliance.**

"No job is too big or too small. We prioritize safety, efficiency, and the environment."

Your Single Source for All your Ammonia System Requirements

About R.M. Technologies of America

Since 1997, we have been an industry leader in system integration for **Anhydrous Ammonia (NH₃)**, **Ammonium Hydroxide/Aqua Ammonia (NH₄OH)**, **Ammonium Carbonate ((NH₄)₂CO₃)** and **Urea (CO(NH₂)₂)**.

Ammonia Specialties Group

**RM TECHNOLOGIES
OF AMERICA**

YOUR SINGLE SOURCE FOR
ALL YOUR AMMONIA SYSTEM
REQUIREMENTS

**ANHYDROUS AMMONIA (NH₃),
AQUA AMMONIA (NH₄OH),
UREA (CO(NH₂)₂),
AMMONIUM CARBONATE
(NH₄)₂CO₃)**

Based in Fort Myers, FL, with locations across the US and Canada, we provide personalized conceptual designs and innovative engineering solutions.

Our goal is simple: to provide a safe and efficient working environment that maximizes your business's success while strictly adhering to environmental and safety regulations.

COMPREHENSIVE ENGINEERING & DESIGN

WE DON'T JUST SELL PARTS & EQUIPMENT; WE BUILD SYSTEMS. OUR TEAM SPECIALIZES IN:

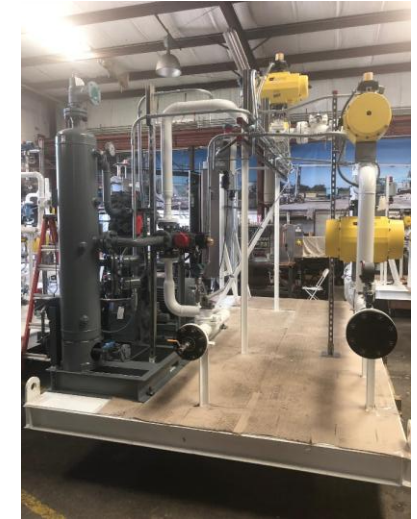

- **CONCEPTUAL DESIGN: CUSTOM LAYOUTS TAILORED TO YOUR FACILITY'S NEEDS.**
- **TURNKEY INSTALLATION: FROM FABRICATION TO FINAL SITE SUPERVISION.**
- **SYSTEM INTEGRATION: SEAMLESSLY INTEGRATING MODULAR AMMONIA SYSTEMS INTO EXISTING PLANTS.**

SAFETY & COMPLIANCE

- **Regulatory Compliance:** Ensuring your facility meets OSHA/NIOSH and environmental standards.
- **Safety Training:** Certified training for operators to ensure safe handling of hazardous materials.
- **Safety Training:** Certified training for operators to ensure safe handling of hazardous materials.

- **Inspections:** Rigorous testing and ASME code calculations for tanks and equipment.

We supply high-quality manufacturing supplies and modular systems, including:

- **Ammonia Skids & Vaporizers:** Custom-built for precise flow control.
- **Stainless Steel and Carbon Steel Storage Tanks:** Safe containment solutions for Anhydrous and Aqua Ammonia.
- **Control Panels:** Advanced HMI software for safe, automated process management.
- **Ammonia & Urea Systems:** Specialized handling for industrial and agricultural applications.
